Sir

Subject Amendment of the bylaws relating to Dangerous and Offensive trades contained in Chapter 24 of the Mysore City Rules and Bye-laws so as to levy a concession rate of license fees on petty trades of fuel and also country potters etc

---

The present rate of license fees levied is Rs 5 per mensem for each class of trade or business classed as dangerous or offensive except storing kerosene oil or petroleum etc and also electric motors for which separate rate is fixed - vide item No 2(a) (1) and item No 2(b) 7 on page 220 and 221 of the Municipal Rules and Byelaws Persons dealing in small quantities of firewood as also the country potters represented that this rate worked as hardship in view of the low income that they were deriving therefrom The Council resolved that the present rate may be reduced to a nominal fee of rupee 1 in respect of small traders of fuel and of Rs 2/- in the case of country potters The above amendment was duly notified in the official gazette as also in the local papers and no objections were received within the prescribed time of one month The council therefore finally approved of the amendment at their meeting held on 6-7-1954 I enclose herewith a copy of the resolution of the council as also the notifications as published in the official gazette on request that orders of Government may kindly

be obtained for the amendment of the above bylaw as notified in the Gazette (copies enclosed)

(thro' the Post)

Sir

With Reference to your letter No PR 13/54-55 of 8 / 5 / 54 on the above subject I am directed to observe as follows

The description small trades of fuel does not appear to have clear meaning and it does not appear to be desirable to have the small personal dealings in small quantities of fuel brought within the above bodies

further it was not clear, what exactly
is meant by small quantities of
free wood and how it is
determined It was therefore considered
necessary to specify clearly the class
of persons considered as dealing
in small quantities of free wood
by specifying the quantity of free wood
in bulk or in weight

The above
the Clause of Allowances may thereby
be effected made the proper amendment
and forwarded for sanction of Govt

The enclosures received with your
Letter under reference are returned
herewith.

Subject Amendment of the byelaws relating to Dangerous and Offensive Trades contained in Chapter 24 of the Mysore City Rules and Byelaws so as to levy a concession rate of license fees on petty trades of fuel and also country potters etc

Ref Your letter No L 8789 dated 20th Oct 1954

As in the letter under advertance, it was pointed out that the expression "small trades of fuel" does not give a clear meaning, the matter was placed before the Legal Committee They suggested that the words "small trades of fuel" may be substituted by "persons dealing ~~with~~ in small quantities of fire wood not exceeding five maunds in weight either by storing or selling the same on any day" The draft amendment after making the change will read provided that in the case of persons dealing in small quantities of fire wood not exceeding five maunds in weight either by storing or selling the same on any day a minimum license fees of Re 1/- be levied This has been approved by the Council at their meeting held on 27-12-1954 I enclose copies of the resolutions of the Legal Committee and the Council and request that orders of Government may kindly be obtained for amending the byelaws accordingly

The model Rules are framed by Government under section 46 (1) (h) Under section 46 (2), every Municipal Council shall adopt the rules made under section 46 (1) (h) If the Model Rules are to be adopted without making any amendments, approval of Government is not necessary If any amendments are to be made in the rules, their under the proviso section 46 (2) all such amendments have to be approved by the Government

As regards the procedure to be followed for imposing taxes reference is imposed to section 61 and 62 which prescribe the procedure in this behalf

It may said that no new rules may be necessary in the case of Municipalities where the taxes referred to in section 61 are already being imposed, since no question of reimposition of the tax can arise, and rules cannot be made without following the procedure la id down in section 62

As regards the procedure for framing bye-laws, it is submitted, Government will frame model bye-laws under sub-section (1) of section 48 Under sub-section 48(2), Every Municipal Council shall adopt the bye-laws made under section 48 (1), and may from time to time, make amendments therein, provided that the making of amendments therein shall not have effect unless and until it has been approved by the Government under section 48 (3) Every Municipal Council, shall before adopting any bye-laws under sub-section (2) of section 48, publish in such manner as shall in its opinion be sufficient for the information of the persons likely to be affected thereby, a draft of the bye-laws proposed to be adopted clearly indicating the modifications together with a notice specifying a date on or after which the draft will be taken into consideration and shall, before adopting the bye-laws receive and consider any objection or suggestion with respect to the draft which may be made in writing by any person before the date so specified

(18)

While submitting bye-laws to Government for approv the procedure laid down in section 48 (4) has to be follo

The Administrative Secretariat will be requested see that this procedure is followed in respect of Bye-laws and rules to be framed by the Municapalities This will obviate constant reference in these points in Legislative Department since many such references are likely from all the Municipalities in the State

As regards the bye-laws and rules now under consideration in this file, they may be examined by the Administrative Secretariat with reference to the above note and action taken accordingly
